OAK WILT ORDINANCE

The City of Mosinee has an ordinance that regulates the cutting and trimming of oak trees.

The regulations were developed with the assistance of the local Wisconsin DNR District Urban & Forestry Coordinator. The regulations are intended to prevent the spread of the tree disease known as “oak wilt” that can have a devastating effect on trees in an entire neighborhood if prevention methods are not properly followed.

The ordinance includes the following:

- Prohibits the Removal/Trimming/Pruning of an Oak Tree between April 1 - October 1 without obtaining a written permit from the City.
- Prohibits transporting wood or bark known to be infected with the oak wilt fungus from April 1- October 1 without obtaining a written permit from the City.
- Requires that if storing oak wood for fuel wood purposes between April 1 - October 1, the bark must either be removed or the wood must be completely covered by CLEAR heavy plastic.
- Requires that stumps of trees from the red oak group must completely covered, removed or debarked down to the ground line.

For more information regarding oak wilt please visit City Hall, email cityadm@mosinee.wi.us or call 715-693-2275
