

### Winter Snowplowing Information

Snow season is here and along with snow comes slippery streets and icy sidewalks. The Public Works Department plows approximately 40 miles of streets, 10 miles of alleys, parking lots and sidewalks. It takes about 15 hours to clear the City of snow, although the time may vary due to the depth and type of snow. Due to the fact that the State of Wisconsin has significantly cut the amount of annual aid payments to the City and forced staff

reductions, the City will again be snowplowing with one less driver. **Similar to last year, it will take us approximately 4 hours longer to clear the City streets and alleys of snow.**

In order to make the job of snowplowing and snow removal easier for the Public Works Department, residents should keep the following in mind: City ordinances prohibit blowing or shoveling snow onto or pushing snow across any City street. Parking is also prohibited if a snow emergency is declared.

**All sidewalks must be cleared of snow and ice within 24 hours after the snow has stopped falling. Failure to do so may result in fines to the property owner.** Property owners are responsible for keeping sidewalks safe and clear.

The City is divided into five areas for plowing purposes. Each area has streets that are designated as Priority 1. Priority 1 routes are the City's major collector and arterial streets and have been laid out in such a manner that most residences are no more than four city blocks from a Priority 1 street. These streets are plowed first and are kept passable at all times, if possible. The City does have a Snow and Ice Removal Policy which addresses snow plowing issues. A copy of this policy, along with a map of plowing routes, can be viewed at City Hall.

Every snowfall or snowstorm is different but in general we begin to plow, salt and sand when snow accumulations are about 1 inch on hills and busy intersections and 2 inches elsewhere. During heavy snows, plows concentrate on the Priority 1 streets during the day. A night plowing operation is then scheduled to clean all City streets. If you have any questions or concerns relating to snow plowing operations, please call the Public Works Dept. at 715-693-3840.

## Recycle Christmas Lights

Habitat for Humanity of Wausau is collecting Christmas lights. Every year tons of light strings are thrown away and end up in landfills across the country. Habitat for Humanities collects all kinds of light strings – old or new, working or not. Worn out extension cords are also collected. Habitat for Humanities recycles the copper and plastic from the strings and uses the proceeds to assist low-income families in our community.

## SECURE YOUR MAILBOX

Reminder to Check Your Mailbox Before Snowplowing Season Please inspect your mailbox and post to insure that it is installed properly. Just a reminder to make sure mail boxes are sturdy and able to withstand the force of plowed snow. Make sure the posts are solid in the ground, and boxes will not pop off if a pile of snow is pushed against it. Rotted wood posts and rusted steel posts will not withstand the weight of snow being pushed against them. Plow Operators are instructed to be cautious near mail boxes. In most cases a properly installed mail box will permit a snow plow to clear snow around it. Most cases of damaged mail boxes are caused by heavy snow hitting the box. The mail boxes are not usually hit by the plow. A mailbox with alleged damage from a direct hit by a City snow plow must be reported immediately and will be visually inspected by City staff. It is the policy of the City to only reimburse the owner for mail boxes broken from coming in direct contact with the plow.
